## MODEL DAIRY CAR.

TO OUR STATE.

BY DIRECT WIRE TO THE TIMES.

SACRAMENTO, Jan. 12. — [Exclusive Dispatch.] A demonstration car, carrying miniature dwellings, barns, dairies and other buildings, will be sent out over the State shortly under the auspices of the Board of Health and Southern Pacific, to teach the people how to be clean and prevent the spread of tuberculosis and other dangerous diseases. Dr. N. E. Foster of the State Board of Health has returned from Oakland, where he was in consultation with Chief Surgeon Alameda of the Southern Pacific, also a member of the board, on details of this demonstration car. Model farm buildings are being built now and equipped with sanitary appliances on one side, while the other side is made to represent unsanitary methods, commonly found about barns and dairies. The demonstration car will visit all railroad towns, and lectures will be delivered by eminent physicians.

MORE QUAKES FOR NORTHWEST.

Scientist Predicts Further Shocks and Believes Cold Wave Will Continue.

BY DIRECT WIRE TO THE TIMES.

TACOMA, Jan. 12. — [Exclusive Dispatch.] Following the experience of two slight earthquakes here in the Northwest yesterday, Dr. Willis Eugene Everett, a scientific writer, predicts further shocks, and even some disturbances on Mt. Hood, Mt. Baker and other long dormant volcanoes. He expects no great moderation in the existing cold wave until about January 20, when it may be increased or decreased, according to the effect of the recent Italian cataclysm and other disturbances.

Dr. Everett prefaced his explanation of the temblor by stating that the Rocky Mountains once formed an ocean range, but were moved further inland by gigantic seismic disturbance which raised it to its present position of the Pacific Ocean.

SEVERE ON ISLANDS.

[ASSOCIATED PRESS DAY REPORT.] BELLINGHAM, Jan. 12. — Reports from the San Juan Islands state that yesterday's earthquake shock was more severe there.

At Point Stanley, Lopez, East Sound, Olga and other places, buildings were damaged to a considerable extent. No casualties are reported.

LONDON'S CURIO PUZZLE.

Values on Foreign Wares Are Set Down in Terms of Barter by Officials.

[ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, Jan. 12. — The customs officers of this city are in the process of dealing with a shipment of curios dispatched to this port by Jack London, the author, from the South Sea Islands. The curios range from rudely carved heathen idols to yards of cloth of native weave, and, complying with the customs regulations, London has given in the invoice accompanying the shipment the exact purchase price of each article. That is where the trouble starts. The government appraisers at a loss to figure the proper ad valorem duty gauged by its foreign value of item, one roll of tapa cloth which cost two dollars of tobacco, or item one hand-carved god, valued at eight pounds of glass beads. It is in this way that the customs officials are still wondering what mode of figuring they will have to use to fix the duty payable.

## BIG SUMS IN SENATE FIGHT.

Oregon Legislators Say They Have Offers.

One Promised Fifteen Thousand Dollars.

Buying Votes Against Gov. Chamberlain.

BY DIRECT WIRE TO THE TIMES.

PORTLAND, Jan. 12. — [Exclusive Dispatch.] Bunches of greenbacks are being dangled before the eyes of Republican statement No. 1 members of the Legislature, which opened yesterday, as a bait to desert Gov. Chamberlain. A third says he has been approached, but does not go into details. "They're after me," he has declared to friends. Federal patronage is also freely offered. One United States appointment has been offered to several men. Up to date it has not been accepted.

In whose interest the long green is being circulated is not known. The only stipulation made is that the one bribed shall not vote for Chamberlain. One of those approached, to whom \$15,000 was offered, says the offer was made by a man he has known many years, a man who has by knowledge and experience in political matters in Oregon, and who stands well in Portland. The offer was made without strings. Upon refusal to vote for Chamberlain the money was to be paid over. In no case, so far as known, was any of those approached asked to support anybody. Names are withheld for the time being.

DIVORCE MURDERED.

Woman Shot in San Jose Hotel and Man Kills Himself in Jail.

[ASSOCIATED PRESS NIGHT REPORT.] SAN JOSE, Jan. 12. — Mrs. William Armour, a divorcee, was shot by Fred Smith, an employee of the Union Ice Company, and probably fatally wounded, this afternoon at her home, 2100 North First street, at 10 o'clock. The shooting occurred in an annex to the lobby of the Russ House, where the pair, together with Mrs. Ida Schley of 212 South Main street, had repaired in order to avoid a scene, which Smith is said to have threatened to make on the street. Smith then turned the weapon upon himself, firing two shots, both of which missed the mark. Before he could fire again, he was disarmed and turned over to the police.

Less than fifteen minutes after he had attempted suicide and murder in the hotel, he succeeded in ending his life in his cell by hanging himself with a handkerchief and blanket around his neck, death being caused by slow strangulation.

The shooting caused a panic in the Russ House and Smith was handled roughly when an excited crowd learned the nature of the shooting.

Mrs. Armour was carried through a great confusion of people who gathered in front of the building, placed in a hack and carried to a sanitarium on Third street.

Smith's wife deserted him in February, 1907, feeling that her husband was a drunkard and a gambler. John Henderson, a man who was supposed to be his friend, and who was employed in the engineering department of the same company, Mrs. Smith is said to be in Alameda at the present time and it is alleged that she has been deserted by her husband in turn and had asked her husband to receive her back.

DARING BURGLARIES.

IN SAN FRANCISCO.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Jan. 12. — Several daring burglaries have been reported to the police within the last two days. Yesterday afternoon \$500 in gold, belonging to Mrs. A. M. Wall, an aged refugee, living in a shack on Webster street, was stolen, along with a silver safe, a diamond ring and other valuables. Some time during last night the tool chest of Willett, a carpenter, working on the Ocean Shore Railroad, was broken open and looted of tools valued at \$250.

The home of A. A. Moore, at Gough and Vallejo streets, was also entered last night and \$25 in cash taken. The police believe that an organized gang of thieves is at work, and are making every effort to capture them.

SLOPE BRIEFS.

Private Jordan Arraigned.

SAN FRANCISCO, Jan. 12. — Private Thomas J. Jordan of the One Hundred and Forty-seventh Infantry, charged with the murder of Police Sergeant J. F. Nolting, was arraigned and instructed before Police Judge Deady today. The court appointed former Judge Spinetti to represent the accused man, and at his request the preliminary hearing was set for next Friday.

University Gaining.

BERKELEY, Jan. 12. — The University of California has opened for the spring term with the highest January registration in the Berkeley colleges in their history. At the close of registration yesterday, 2,205 students had signed for work, the 1907 record being 2,065, and that of 1908, 2,147.

Chamberlain's Advice.

SALEM, Jan. 12. — In his message to the Legislature today Gov. Chamberlain urged strict observance of the direct primary in the election of a United States Senator.

Judge Root Withdraws.

OLYMPIA, Jan. 12. — Judge Milo A. Root has notified Gov. Mead that he will not attempt to qualify for a second term on the supreme bench to which he was elected. Gov. Mead has asked Gov. Mead to name P. M. Giese of Pomeroy for the position. He is Cosgrove's former law partner.

DO YOU GET UP  
WITH A LAME BACK?

Have You Rheumatism, Kidney, Liver or  
Bladder Trouble?

To Prove what Swamp-Root, the Great Kidney, Liver  
and Bladder Remedy, will do for YOU, all our  
Readers May Have a Sample Bottle Sent Free  
by Mail.

Pain or dull ache in the back is evi-  
dence of kidney trouble. It is nature's  
track of health is not clear.

DANGER SIGNALS.

If these danger signals are unheeded  
more serious results follow: Bright's dis-  
ease, which is the worst form of kidney  
trouble, may steal upon you.

The mild and immediate effect of  
Swamp-Root, the great kidney, liver and  
bladder remedy, is soon realized. It  
stands the highest for its remarkable  
health restoring properties in the most  
distressing cases. If you need a medi-  
cine, you should have the best.

LAME BACK.

Lame back is only one of many symp-  
toms of kidney trouble. Other symp-  
toms showing that you need Swamp-  
Root are being obliged to pass water  
often during the day and to get up many  
times during the night.

CATAFRY OF THE BLADDER.

Inability to hold urine, burning in  
passing, uric acid, headache, dizziness,  
indigestion, sleeplessness, nervousness,  
sometimes the heart acts badly; rheu-  
matism, blotting, lack of ambition, may  
be loss of flesh, yellow complexion.

PREVALENCE OF KIDNEY DISEASE.

Most people do not realize the alarm-  
ing increase and remarkable prevalence  
of kidney disease. While kidney dis-  
eases are the most common diseases  
that prevail, they are almost the last re-  
cognized by patient and physicians, who  
content themselves with doctoring the  
effects, while the original disease determi-  
nes the system.

A TRIAL WILL CONVINCE ANY ONE.

In taking Swamp-Root you afford natu-  
ral help to Nature, for Swamp-Root is a  
gentle, healing, vegetable compound—a  
specialist's prescription for a specific dis-  
ease.

IF YOU ARE ALREADY CONVINCED THAT

Swamp-Root is what you need, you can

Pain or dull ache in the back is evi-  
dence of kidney trouble. It is nature's  
track of health is not clear.

DANGER SIGNALS.

If these danger signals are unheeded  
more serious results follow: Bright's dis-  
ease, which is the worst form of kidney  
trouble, may steal upon you.

The mild and immediate effect of  
Swamp-Root, the great kidney, liver and  
bladder remedy, is soon realized. It  
stands the highest for its remarkable  
health restoring properties in the most  
distressing cases. If you need a medi-  
cine, you should have the best.

LAME BACK.

Lame back is only one of many symp-  
toms of kidney trouble. Other symp-  
toms showing that you need Swamp-  
Root are being obliged to pass water  
often during the day and to get up many  
times during the night.

CATAFRY OF THE BLADDER.

Inability to hold urine, burning in  
passing, uric acid, headache, dizziness,  
indigestion, sleeplessness, nervousness,  
sometimes the heart acts badly; rheu-  
matism, blotting, lack of ambition, may  
be loss of flesh, yellow complexion.

PREVALENCE OF KIDNEY DISEASE.

Most people do not realize the alarm-  
ing increase and remarkable prevalence  
of kidney disease. While kidney dis-  
eases are the most common diseases  
that prevail, they are almost the last re-  
cognized by patient and physicians, who  
content themselves with doctoring the  
effects, while the original disease determi-  
nes the system.

A TRIAL WILL CONVINCE ANY ONE.

In taking Swamp-Root you afford natu-  
ral help to Nature, for Swamp-Root is a  
gentle, healing, vegetable compound—a  
specialist's prescription for a specific dis-  
ease.

IF YOU ARE ALREADY CONVINCED THAT

Swamp-Root is what you need, you can  
purchase the regular fifty-cent and one-  
dollar size bottles at Swamp-Root, and  
don't make any mistake, but remember  
the name, Dr. Kilmer's Swamp-Root, and  
the address, Binghamton, N. Y., which  
you will find on every bottle.

SAMPLE BOTTLE FREE.

To prove the wonderful merits of Swamp-  
Root you may have a sample bottle and a book of valuable information, both  
absolutely free by mail. The book contains many of the thousands of  
letters received from men and women who found Swamp-Root to be just  
the remedy they needed. The value and success of Swamp-Root is so well known  
that our readers are advised to send for a sample bottle. Address Dr. Kilmer

Wonderful news for women for  
the third day in the White Sale  
—a manufacturer's stock of fine  
neckwear—100 dozen bright,  
fresh and new, consisting of em-  
brodered chiffon bows, jabots,  
fancy collars, wash ascots and  
fancy stocks. We bought them  
at a ridiculous price. They rep-  
resent 35c to \$1.00 values. For  
a rousing sale today we put  
them out at 19c each.

chance.

GUM-SHOE CALL.

RAISING THE MONEY  
FOR GAMBLING FIGHT.

MORE suckers are urgently needed  
at the race track, for money is in  
demand. Collection day has  
come. Cash is being raised among the  
horsemen at Santa Anita Park to fight  
the anti-gambling bill now before the  
Legislature.

On Monday Luther C. Brown, for-  
merly political boss of this city, made  
a gumshoe visit to Los Angeles. He  
slipped quietly into town and was seen  
making a call at the track at Santa  
Anita very early in the morning—  
hours before the racing began.

He is supposed to have been round-  
ing up the horsemen preparatory to  
the fight at Sacramento.

Brown is now a discredited and fal-  
lows and has left this metropolis.  
It is asserted that the real "organiza-  
tion" politicians have turned the cold  
shoulder on the race-track men.

One of the heels formerly active  
in behalf of the track, thus pic-  
turequely explains the situation:

Sample Sale Iron Beds  
About 50c on the Dollar

50 iron beds that were used as samples by a certain fac-  
tory. We secured them at close to 50c on the dollar.  
Naturally some of them are slightly scratched, but the  
defects are so wonderfully overshadowed by the ridiculous  
prices we quote that the merchandise will fairly fly out.  
These are full size beds; in some cases we can furnish  
1/2 size. Here's the way they go:

Opening First Sub-division Lomita Townsite

THE ONE GREAT OPPORTUNITY FOR ALL TO MAKE  
MONEY QUICKLY IN SAN PEDRO HARBOR LANDS

Many look backward and mourn over bygone opportunities. Long Beach, Pasadena, South Pasadena, Hollywood, Boyle Heights, the Wilshire District and many other business and residential cities and suburbs have grown up rapidly, jumping the values into fortunes for those who had the wisdom to purchase real estate at the right time. Every day men regret lost opportunities, but the greatest one of all is just ahead in the development of San Pedro Harbor.

THE FIRST SUB-DIVISION ADJOINING THE TOWNSITE OF  
LOMITA WILL GO UPON THE MARKET NEXT SUNDAY

The town is rapidly growing. It is close to the harbor. The new ship channel into Bixby Slough, now dredging, brings it within half a mile of the present development. Every forward step in harbor improvement raises the value of Lomita property. The electric line passes at Weston street. The new boulevard cuts through it. Water is unlimited. The soil is fertile and productive. Fine gardens and farms surround Lomita.

This opening presents the best opportunity of the day to make big money and make it quickly. Values will soon double under the impetus of improvements under way.

CRASH—PANIC.

## GAS WRECKS HOTEL, INJURING SIXTEEN.

*Fire Adds to Explosion's Havoc and  
Horror—Many Escape Death by a  
Hair's Breadth—Patrolman Proves  
Hero—Money Loss Heavy.*

THE explosion of gas that escaped from a faulty pipe in the Redondo restaurant at No. 539 East Fifth street about 2 o'clock, yesterday afternoon, destroyed the Wilde building and injured sixteen men and women. The money loss is estimated at more than \$41,000.

Fire followed the explosion and added to the horror and destruction. The seriously injured: WILLIAM THOMAS, proprietor of the Redondo restaurant, severely burned on the hands and face and injured internally. Removed to the Crocker-street hospital.

E. H. SPATH, 35 years of age, of No. 737 East Twelfth street, caught beneath falling cornice. Head, shoulders, neck and hands lacerated. Taken to the Receiving Hospital.

LOUIS K. ALBRIGHT, burned on face and hands and hair and mustache singed while rescuing people from the building.

MRS. ANNA SHIELDS, proprietress of Hotel Austin, cut on hands and arms by flying glass, and suffering from shock.

MRS. SARAH BRENNEN, who was caught beneath the wreckage in the Alter jewelry store, shocked and cut by glass.

JACOB ALTER, who was pinned beneath debris in the jewelry store; lacerated and bruised.

H. J. AVILA, proprietor of barber shop; bruised and cut by flying glass.

J. K. HUTCHINSON, newspaper man, cut on the hands and arms by flying glass.

Peter Hyte of the Glenn Hotel, T. E. De Lane of No. 1312 Winston street, Joseph Tasker of No. 445 Gladys avenue, Charles Smith of No. 445 Gladys avenue and Robert Gilbert of No. 538 Winston street, were slightly injured. They were in the poolroom at the time of the explosion.

Mrs. Shubert, Mrs. W. Booth and Mrs. Freeland, lodgers in the Hotel Austin, were rescued from the burning building and taken to the Crocker-street hospital. They are suffering from shock.

**FIREMEN ANXIOUS.**  
A report that men had been entrapped in the burning building caused a great deal of anxiety to the firemen. Although the guests of the Hotel Austin were all accounted for, a party made a search of the ruins as soon as the flames were extinguished.

The explosion was heard for blocks and almost instantly flames appeared. Two alarms drew the fire apparatus from all the downtown stations and in a few moments water was pouring from many lines of hose.

The emergency patrols from the Central and University stations were hurried to the scene and fifty policemen, under Capt. A. J. Bradish and Lieut. Murray, were placed on guard at the fire lines.

William Thomas, proprietor of the Redondo restaurant, permitted his two helpers, Charles Spurgeon and Mrs. E. Palmer, to go to their homes in Redondo at 2:30 o'clock. He was sitting in the office in the front of the place when he noticed the odor of gas.

Three days before he had installed gas ranges and his coal stoves had been put out of commission except during rush hours on Sunday. The distillate heater was turned on, a little oil from this overflowed and Thomas went to the kitchen to investigate.

The odor of gas was strong as he stepped into the room. There was less than a gallon of oil in the heater at the time. This amount would not have broken a window had it exploded. As Thomas returned to the kitchen, a few moments later, the crash came.

He was hurled against the wall and his face was seared by the scorching blast. Pinned beneath the wreckage, he screamed for help until pedestrians braved death in the flames to save him.

The explosion simply shattered the building. It even tore out a portion of the roof. Five minutes later, the entire rear of the structure caved in. The plaster in every room was ripped from the walls, leaving the laths exposed, and several men in the lower portion of the building were blown into the street.

The windows in every house in the neighborhood were shattered, and a passing street car was showered with flying glass.

**PITEOUS CRY FOR RELIEF.**  
Disease and Pestilence Add to Horrors of Earthquake.  
Fund Growing.

The cry for help continues to come from the distressed people of Southern Italy, where disease and pestilence now add to the horrors of the earthquake.

Let not the hand of charity be withheld at this crucial period, when the first flush of generosity is wont to give way to neglectful forgetfulness.

In Northern California's distress, the world poured out a golden shower upon her soil. Great and generous Los Angeles helped her own then; she now weeps at the feet of distraught and suffering Italy, and extends the helping hand in time of need.

Let those who have not helped, help now; send contributions to The Times, or to the Italian Relief Committee, No. 222 North Spring street. Contributions to date:

Fire followed the explosion and added to the horror and destruction. The seriously injured: WILLIAM THOMAS, proprietor of the Redondo restaurant, severely burned on the hands and face and injured internally. Removed to the Crocker-street hospital.

E. H. SPATH, 35 years of age, of No. 737 East Twelfth street, caught beneath falling cornice. Head, shoulders, neck and hands lacerated. Taken to the Receiving Hospital.

LOUIS K. ALBRIGHT, burned on face and hands and hair and mustache singed while rescuing people from the building.

MRS. ANNA SHIELDS, proprietress of Hotel Austin, cut on hands and arms by flying glass, and suffering from shock.

MRS. SARAH BRENNEN, who was caught beneath the wreckage in the Alter jewelry store, shocked and cut by glass.

JACOB ALTER, who was pinned beneath debris in the jewelry store; lacerated and bruised.

H. J. AVILA, proprietor of barber shop; bruised and cut by flying glass.

J. K. HUTCHINSON, newspaper man, cut on the hands and arms by flying glass.

Peter Hyte of the Glenn Hotel, T. E. De Lane of No. 1312 Winston street, Joseph Tasker of No. 445 Gladys avenue, Charles Smith of No. 445 Gladys avenue and Robert Gilbert of No. 538 Winston street, were slightly injured. They were in the poolroom at the time of the explosion.

Mrs. Shubert, Mrs. W. Booth and Mrs. Freeland, lodgers in the Hotel Austin, were rescued from the burning building and taken to the Crocker-street hospital. They are suffering from shock.

**FIREMEN ANXIOUS.**  
A report that men had been entrapped in the burning building caused a great deal of anxiety to the firemen. Although the guests of the Hotel Austin were all accounted for, a party made a search of the ruins as soon as the flames were extinguished.

The explosion was heard for blocks and almost instantly flames appeared. Two alarms drew the fire apparatus from all the downtown stations and in a few moments water was pouring from many lines of hose.

The emergency patrols from the Central and University stations were hurried to the scene and fifty policemen, under Capt. A. J. Bradish and Lieut. Murray, were placed on guard at the fire lines.

William Thomas, proprietor of the Redondo restaurant, permitted his two helpers, Charles Spurgeon and Mrs. E. Palmer, to go to their homes in Redondo at 2:30 o'clock. He was sitting in the office in the front of the place when he noticed the odor of gas.

Three days before he had installed gas ranges and his coal stoves had been put out of commission except during rush hours on Sunday. The distillate heater was turned on, a little oil from this overflowed and Thomas went to the kitchen to investigate.

The odor of gas was strong as he stepped into the room. There was less than a gallon of oil in the heater at the time. This amount would not have broken a window had it exploded. As Thomas returned to the kitchen, a few moments later, the crash came.

He was hurled against the wall and his face was seared by the scorching blast. Pinned beneath the wreckage, he screamed for help until pedestrians braved death in the flames to save him.

The explosion simply shattered the building. It even tore out a portion of the roof. Five minutes later, the entire rear of the structure caved in. The plaster in every room was ripped from the walls, leaving the laths exposed, and several men in the lower portion of the building were blown into the street.

The windows in every house in the neighborhood were shattered, and a passing street car was showered with flying glass.

## PUBLIC SERVICE.

## SUMMARY OF THE DAY.

The Civil Service Commission has taken the case of J. B. Lippincott, assistant chief engineer of the aqueduct, who must qualify by examination to be exempted, under advisement.

Justice Seltz heard the embezzlement charge against W. H. Carlson and was compelled to adjourn court by reason of illness of the defendant.

The attorney for James White, alleged Portland (Or.) check kiter, petitioned for a writ of habeas corpus returnable before Judge Wilbur today.

Suit for a writ of mandamus was filed against the Los Angeles Board of Public Works yesterday, alleging failure to enter into a contract for furnishing the bureau of street improvements with cement.

The hearing on the charge of murder against John W. Allen, alias "Arizona Jack," was set by Justice Summerfield for the 25th inst.

## AT THE CITY HALL.

## HESITATE OVER EXAMINATION.

## LIPPINCOTT CASE BEFORE CIVIL SERVICE COMMISSION.

Chief Engineer Mulholland and Gen. Chaffee are in danger in requiring him to submit to an examination. Aqueduct Service to be Reclassified—Snub Police.

The Civil Service Commission and the Board of Public Works held a conference yesterday to determine the status of the aqueduct civil-service classifications. Involved in this was the exemption of J. B. Lippincott, assistant chief engineer, of a requirement that he qualify by examination.

William Mulholland, chief engineer, pleaded for Lippincott's exemption on the ground that he is fitted by his previous experience in the reclamation service, and his intimate knowledge of the hydrographic conditions of the Owens River district, and by his two years' service as assistant chief engineer above any one who might surpass him in a technical examination.

"There is a danger that he might not stand first in such an examination," said Mr. Mulholland, "and his loss to the aqueduct would be a great one. He knows what he is doing from the ground up, and if an examination were held he would have to compete with some of the best engineers who, though they might best him in an examination, would be vastly inferior in knowledge of the work in hand."

Gen. Chaffee of the Board of Public Works also urged the exemption of Lippincott. The board took the question under advisement.

The question of reclassification of the aqueduct civil service was discussed with great detail. It has been a cause of friction between the two departments. The aqueduct managers do not want the classification so rigid that a construction clerk cannot do other clerical duty, a claimant can perjure work and the like, and the commission asked that a revised classification of duties and definition of duties be submitted. This the board will provide.

The commission denied the request of the Police Commission for a certificate of ten additional names from which to select the fifteen new members of the police force. The commission also took under advisement the applications of three former members of the police force who had been removed from the force for incompetency, for reinstatement at the head of the civil-service list. While the commission did not say so, it suspected the police in both cases and declined to act now. The commission has already certified twenty-two names to the commission, out of which to choose the new policemen.

## GARBAGE TALK.

## SOLUTION STILL IN AIR.

Like the six blind men who went to "see" the elephant, the Councilmen yesterday discussed the garbage question. Each seized a different member of the garbage elephant, and each seemed to have a different idea of it.

Talks were made by Dr. George H. Kress, F. W. Wheeler, D. K. Edwards and J. L. Bacon. The latter has had experience as superintendent of the reduction plant in Chicago, and spoke from the standpoint of a prospective bidder. He said no responsible company would bid on a contract to reduce garbage as was proposed, but that the city organized its own collection service and preserved data as to the quantities an advantageous bid would result in several months when the city would be fully informed as to its needs.

Mr. Dromgold moved that the subject be over for a week, and that the public be invited to send suggestions to the Council in written form as to the best solution of the question.

Dr. L. M. Powers, city health officer, was present, but did not join in the discussion, preferring to wait until something tangible was under discussion. No one seems to know what to do with the garbage question except discuss it.

## Library Trial.

The library trial, which has caused many disclosures of the inner workings of the public library staff, may not be resumed until after the city council has decided whether or not to continue the trial.

The trial was continued yesterday, but the city council has decided to postpone it until after the city council has decided whether or not to continue the trial.

## Purchase Engine House Site.

The Council yesterday instructed the City Attorney to prepare the papers for the purchase of the lots at Second and Hewitt streets which were offered to the Council for a site for a fire engine-house. The price is \$15,000, exclusive of three houses, which are to be moved off.

## City Hall Brevities.

The Police Commission will meet tomorrow afternoon to name the fifteen policemen authorized by the Council for a period of sixty days.

The ordinance restricting street speaking has been amended so as to include the block bounded by Second and Third streets and Main and Los Angeles streets, because meetings on Second and Los Angeles streets disturbed the school adjoining St. Vibiana's Church.

Foolmen who timed Los Angeles-Pacific cars on Sixteenth street between Western avenue and Wilton Place reported to the Police Commission yesterday that the speed varies between thirty-five and forty-five miles an hour. The report will be sent to the City Council for action.

## AT THE COURTHOUSE.

## NOVEL DEFENSE FOR CARLSON.

IF HIS BANK IS NOT A BANK HE'S NO BANKER.

Charged With Embezzlement as President of Institution His Attorneys Argue Before Court That as No Such Concern Legally Exists Defendant Cannot Be Guilty.

The hearing of the embezzlement charge against W. H. Carlson was resumed before Justice Seltz yesterday. At the opening of the afternoon session the justice was compelled to adjourn further hearing until this afternoon at 2 o'clock on account of a sudden attack of illness.

The case is one of the many against Carlson in connection with the closing of the Consolidated Bank of Los Angeles, and involves the alleged act by the defendant of placing in the credit of the Los Angeles Security Company a draft for \$400, when the account of the Security Company was already overdrawn to the extent of \$420. It is also charged that the draft drawn on William Graves, East Orange, N. J., was worthless.

The only witness was Lida McKittick, cashier and vice-president of the Consolidated Bank corporation. She testified she knew the defendant as an officer of the corporation and official of the bank, and that she saw him sign the draft for \$400, which she said she saw him sign in evidence, but this was objected to by Carlson's attorney.

The argument on the personation was on when adjournment was had by reason of the court's indisposition.

The defense raised the points that the case was without jurisdiction in the case; that proceedings to change the name of the Metropolitan Savings Bank of San Francisco to the Consolidated Bank of Los Angeles should have been filed in the county where the bank was originally organized under the name of the Probate Bank.

It follows, if the contention of the defense is upheld, that if the Consolidated Bank of Los Angeles had been legally constituted under the laws of California, no such bank exists in law, and therefore, Carlson could not be guilty of such bank, be guilty as charged.

**FAMILY TROUBLES.**  
**CHILDREN TAKE SIDES.**  
The marital troubles of William and Dora Wiebeking were aired before Judge Monroe yesterday. In the original petition for divorce, filed by the wife, she set up desertion and defendant filed a cross-petition setting up cruelty. Their daughters were in the courtroom, Miss Lizzie Wiebeking sitting with her father, and assisting him during the day, while Miss Bertha was the friend and ally of her mother.

Wiebeking testified that her husband mistreated her; that he swore at her on every provocation, and that he had blackened his shoes and buttons, and when he was perfectly able to do these things for himself.

The old gentleman said that he had sold his Vermont farm and moved to his wife, for \$1000, when it was worth \$5000, because he was afraid she and their daughter, Bertha, would injure him. He said he had sold the farm for \$13,500, the money being divided among them. The case is still in progress.

The divorce hearing of Flora M. Geldert against Walter L. H. Geldert, that has occupied Judge Bordwell several days, was concluded just before adjournment yesterday, and the court took the matter under advisement.

The wife's testimony, which was given in the afternoon, was that she was concerned in the trouble, and it may be some time before a decision is handed down.

**VERY ODD STORY.**  
**CLOTHES THAT DISAPPEAR.**  
Clyde Taylor will have to answer a charge of petit larceny, preferred by William Mountain, a chauffeur, in Justice Stephens' court February 5.

Mountain claims Taylor hired him to take him to Santa Ana, last October, where he said his wife was ill in the hospital. Taylor made the trip, and when he got back to the city, he was stopped at Watts. Then, Mountain alleges, Taylor ran away several days, where he could not follow him with an auto, carrying with him an overcoat and cap, which he had borrowed from his chauffeur. Taylor declares that Mountain is mistaken and that he did not steal the clothes.

**WANTS A CONTRACT.**  
**CLAIMS TO BE LOW BIDDER.**  
Bryant Austin filed a suit in the Superior Court yesterday against Adna R. Chaffee, Albert A. Hubbard and Edward Korns, members of the Board of Public Works of Los Angeles. They allege that on December 22, last, the board advertised for bids for furnishing the asphalt surface mixture required by the bureau of street improvements, for the coming year.

The plaintiffs submitted tenders and claim that their figures are the lowest; that they are ready to fill the contract but the board has not awarded the work to them according to law.

They want an alternative writ of mandate, either compelling the de-

fendants to enter into the contract, or show why they should not do so. The hearing of the case will be held before Judge Bordwell on the 15th inst.

**FIGHTS FOR LIBERTY.**  
**HABEAS CORPUS PETITION.**  
James White, alias Wright, alias George Diehl, wanted in Portland, Or., on the charge of securing \$1700 from R. P. Edinger, on a worthless check for \$2400, was arraigned before Justice Summerfield yesterday. The District Attorney consented to the dismissal of the complaint if the defendant, who is a fugitive from justice, and the prisoner's attorney immediately swore out a writ of habeas corpus, returnable before Judge Willis this morning at 10 o'clock.

Sgt. C. E. Baty, a police detective of Portland, reached the city yesterday, armed with requisition papers issued by the Governor of Oregon for the return of the prisoner to the prison in Los Angeles, alleging that he is a fugitive from justice, and the prisoner's attorney immediately swore out a writ of habeas corpus, returnable before Judge Willis this morning at 10 o'clock.

**ALLEGED ASSAULT.**  
**PUT OFF SANTA FE TRAIL.**  
H. P. Moore, a conductor, and William Ross, a brakeman, for the Santa Fe, were arrested yesterday on a complaint sworn to by a woman, Mrs. Hernandez, who charged battery on the part of the prisoners.

Mr. and Mrs. Hernandez were passengers on the train leaving Los Angeles for San Diego, last Sunday morning at 11:35, armed with tickets for Rivera, where Hernandez had work awaiting him. The train did not stop at Rivera, but ran on to the next station, Los Nietos.

Hernandez says he asked for a return ticket to Rivera, as the train had taken him beyond his destination, when the accused began to abuse him and finally threw both from the train. He said he was injured and that he gave other evidences of having been beaten. The prisoners furnished bond in \$500 each to appear for a hearing Friday.

**MURDER CHARGE.**  
**A QUESTION OF CLOTHES.**  
The hearing of John W. Allen, alias "Arizona Jack," charged with the murder of Deputy Sheriff Charles de Moorville at Newhall, on the 4th inst., was fixed yesterday by Justice Summerfield for Monday, the 25th inst.

Attorney Thompson, in behalf of the prisoner, requested that the clothes worn by the defendant the night of the killing, now in care of the District Attorney's office, be placed in charge of the court, but this was refused. The attorney, presenting the question, said that the course of the bullet in the shoulder of the coat would have a strong place in the defense, and that while he would not charge the District Attorney's office with the clothes, he should have the clothes, so as to avoid any possible controversy.

Justice Summerfield, however, could find no law to back the request. It developed that Allen was compelled to come into court in clothes furnished him by the Sheriff's office, his only suit being held as evidence.

**COURTHOUSE NOTES.**  
**BRIVITIES MISCELLANEOUS.**  
**GUILTY OF FORGERY.** William Sullivan, alias Charles Weber, was convicted in Judge Wilbur's court yesterday of uttering a forged check for \$50.00, on the Metropolitan Bank and Trust Company, October 21, using the name of Mrs. Pauline E. Botts and the Puritas cafeteria, of which he is proprietor. The accused will be sentenced Friday, and in the meantime an application will be filed to admit him to probation.

**GETS HIS MAN.** Deputy Sheriff Mulhall of San José will return today with R. A. Jackson, who is wanted in connection with the charge of embezzlement. Jackson is in the County Jail.

**PLEADS GUILTY.** A DeLong pleaded guilty before Justice Summerfield to having in his possession undervalued crawfish at Terminal Island, and was fined \$25. The charge was preferred by Deputy State Game Warden H. L. Pritchard.

**CASE CONTINUED.** During the hearing before Judge Rives, yesterday, of the petition to remove Mrs. Emily S. Watson from the administration of the John K. Watson estate, she was almost overcome by her feelings.

## GETS A SHOCK, LOSES MONEY.

BURGLARS HOLD UP WOMAN IN HER OWN HOME.

Know beforehand of Cash Received from Bank and Force Her at Point of Revolver to Reveal Hiding-Place Then She Faints—Terrier Escapes.

At the point of a revolver, Mrs. M. J. Hutchins of No. 771 Central avenue was compelled to give \$250 to burglars shortly before daylight yesterday.

Monday afternoon the woman received coupons from a building and loan association for \$175. She took the coupons to the First National Bank and cashed them there. It is believed the robbers stood by and watched her receive the money, because they were certain she had it in the house.

They followed her to her home to get a good look at the house and its surroundings. Shortly before daylight they returned and forced an entry. A little fox terrier belonging to Mrs. Hutchins gave the alarm by barking loudly. Its bark aroused the woman, and she then turned her revolver upon the frightened woman and demanded to know where she had put the money. She told them that she knew she had it in the house.

She gasped out the location of the hiding place and then fainted. When she recovered the men had departed, taking the money with them. They left the dog.

**"RAISING" MONEY CHARGED.**  
**Man Accused of Making Ten-Dollar Bill of One-Dollar Bill in Difficulty.**

When Frank Work was arraigned before a United States Commissioner on Monday afternoon, he stated, he had a good defense against the charge of passing a raised bill. He was put under \$500 bonds, which he was unable to furnish.

Work was arrested at the Arcadia race track after he had passed a \$1 bill raised to \$10 upon Gustave

Pleading that the shock of his brother's death caused him to become intoxicated and drink with reservation Indians, Harry Loll asked for a light sentence in the United States District Court yesterday. He confessed that he had taken a bottle of whisky on the Indian reservation near Yuma.

He said that after receiving a telegram announcing the sudden death of his brother, he bought the whisky, swallowed a large dose and staggered into the reservation, where he treated several of Uncle Sam's wards.

**LOWER CALIFORNIA'S GOVERNOR POINTS OUT CHANCES.**

**His Excellency, Now in City, Gives Interesting Information About a Country Comparatively Little Known - Excellent Opportunities for Making Advancement.**

**Gen. Celso Vega, Governor of the northern district of Lower California and commander of its army, and his wife, are passing a few days in the city. They are guests at the Hayward.**

**Gov. Vega, whose military service has been distinguished, and who has filled many posts of honor in his country, is thoroughly conversant with conditions, not only in Lower California, but also throughout Mexico.**

**"Lower California, and particularly the northern district," he said yesterday, "has been at a disadvantage because of the lack of transportation facilities, and its growth has not been as great as other sections of the republic more fortunate in this respect. The population is small and scattered, and the lands, while possibly richer than some of the best known of Mexico's mineral sections, are practically undeveloped."**

**"The northern district needs more railroads, smelters and manufacturing plants. The ores are there, but the difficulty is in handling them. At El Alamo, the principal mining camp of Lower California, there are smelters, which takes care of the output of the mines in that section, but the greater part of the ore goes to San Francisco and British Columbia."**

**"At the present time the only transportation facilities, with the exception of the Inter-California, which the Southern Pacific is building from Imperial Junction through Calexico and for fifty miles into Lower California, is the Colorado River. The Southern Pacific, however, announced its intention of building a line from the Colorado River to Ensenada."**

**"Lower California contains some immense deposits of gold, silver, copper and iron, which are just being opened up. Last year things were very quiet owing to the general financial conditions, but there has been a marked improvement recently, and in mining, particularly. Capital from the United States and England is again flowing into Lower California, and on many of the most valuable properties, which have been idle for months, and even years, the owners are resuming operations. I look for wonderful development in my district in the next few years."**

**The Governor thinks there are great possibilities for men with limited capital in the northern district of Lower California in agriculture and cattle raising, saying:**

**"There is great demand for flour and cattle from the west coast of Mexico, and Lower California is exporting large quantities to that section. Abundantly watered, with perpetual grass, the country is attended with few difficulties and yields handsome returns on the investment. Agriculturally, the country has no superior. All foreigners are welcomed."**

**Salt Lake to Try Telephone in Dispatching.**

**Southern Pacific Officials on Inspection Tour.**

**"Cotton States Special" to Bring Elks Here.**

**The Salt Lake is to test the telephone system for dispatching trains which has proven such a success on other railroads. General Superintendent of Telegraph Dyer is now at North Platte, Neb., where a double metallic circuit is being installed on the Union Pacific between that city and Sydney. It is said that the system, if it proves successful, will be used on all the Union Pacific lines. The Salt Lake now has a telegraph system, which is used when trains are dispatched between stations, or run into blind sidings, and all freight and passenger trains are equipped with instruments for connection with stations where telephones are installed, these including Los Angeles, Otis, Las Vegas, Caliente, Milford, Lynn and Salt Lake.**

**On the Pennsylvania, between Columbia and Parkersburg, Pa., trains have been dispatched by telephone, supplemented by block signals, since 1906, but the first train dispatcher's circuit ever operated on a steam railroad with a telephone and selector (an instrument by means of which stations desired can be called without disturbing the others on the line) was in the latter part of 1907 on the main line of the New York Central, between Albany and Poughkeepsie, a distance of forty-four miles.**

**Recently tests have been made at different points by the Chicago, Burlington and Quincy, New York Central, Lake Erie and Western, Santa Fe, Canadian Pacific, Lake Shore and Michigan Southern, Delaware, Lackawanna and Western, Pennsylvania, Southern Pacific, Baltimore and Ohio and Illinois Central.**

**Inspection Trip.**  
Southern Pacific officials are now inspecting the southern division. The party includes General Superintendent H. V. Platt, Assistant Chief Engineer J. Q. Barlow of San Francisco; Division Superintendents F. M. Worthington of Bakersfield, W. H. Avery of Los Angeles, and W. H. Whalen of Tucson, Ariz. and Resident Engineer T. C. Comb. The whole route from Fresno to El Paso will be examined, and medals of gold and silver awarded to the roadmaster and section foreman, whose district is in best condition.

**Southern Elks.**  
The Elks "Cotton States Special," which is to bring here several hundred of the herd from the South, will leave Meridian, Miss., on July 2. There will be a stop of two days at Denver, where trips will be made to Georgetown, Silver Plume and Yankee Doodle Lake. From Salt Lake another special will come over the Salt Lake route. The return will be made by way of San Francisco, Portland and Seattle, with a few days at the Alaska-Yukon Exposition.

**Will Open Office Here.**  
The Kansas City, Mexico and Orient Railway will establish an office in this city in charge of General Agent W. C. Price, appointed January 1. This is probably the first step toward securing a share of the business expected to be opened up on the Mexican west coast, as with the exception of roundabout shipments from southern territory to Kansas City by way of Sweetwater, Tex., the railroad has not much field in this section.

**Railroad Notes.**  
General Traffic Manager D. W. Cooke of the Erie is in the city today. It is said the principal object of his visit is to extend the representation of the Erie on the Coast. It is stated that the road's business has increased to such an extent that a local freight and passenger agent will be appointed.

**W. L. Park, general superintendent of the Union Pacific at Omaha, is due in the city today.**  
Charles T. Fee, general traffic manager of the Southern Pacific, is in the city.

**W. F. Holt of the Imperial Valley Interurban has gone to Kansas City.**  
W. W. Smith, assistant freight agent of the Canadian Pacific, will arrive today and will remain several months to look after orange shipments.

## EVENTS IN LOCAL SOCIETY.

**DAINTY** notes were sent out yesterday by Mr. and Mrs. Thomas Foulkes of No. 274 West Washington street, announcing the engagement of their daughter, Miss Jeanne Foulkes, to Guy P. Goodwin of Chicago. Miss Foulkes has lived in Los Angeles many years and has a large circle of friends, but they have had no intimation of the romance, and not even her closest friend guessed the interesting news. The wedding will be one of the fashionable events of the approaching summer.

**For Bride-elect.**

An interesting party was given recently in honor of Miss Louise Bon-sack, a young bride-elect, at the residence of the Misses Kate, Anna and Nora Plummer. The home was beauti-

fully decorated with ferns and red carnations. Whist was played and prizes captured by Miss Hazel Ralph and Bert Agnew.

**Whist Club.**

Miss Kittie Birnbaum had as guests one day this week members of the Whist Mispah Club, whom she entertained at her home, No. 1221 Ingraham street.

**Mrs. Banning Feted.**

Mrs. Hancock Banning, who returned recently from abroad, is being extensively entertained by her many friends, all of whom are pleased to again welcome her home. Friday evening Mr. and Mrs. E. Avery McCarthy will entertain with a dinner party at the Hotel Alexandria.

**Have Returned.**

Mr. and Mrs. C. Perkins Trantum and Miss G. Lee Low of No. 1841 Westmoreland boulevard, have returned from a trip through Mexico and Arizona, where they were guests of relatives. They will receive Wednesday afternoons and evenings.

**Wedding Today.**

Miss Evelyn Barmore, the attractive young daughter of Mr. and Mrs. E. H. Barmore of Alvarado Terrace, will be married today at the home of her parents to Fred Goulding, son of Mr. and Mrs. Franklin Goulding of No. 2943 Halldale avenue. The wedding, although a quiet affair, is of wide interest.

**Spier-Fox Nuptials.**

At the home of the bride's parents, Mr. and Mrs. Morris Spier of No. 1132 Grand View street, occurred a wedding of more than passing interest, when Miss Mildred Spier became the bride of Isadore Fox, a young business man of Jersey City, N. J. The service was performed by Rabbi S. Hecht of Temple B'nai B'rith, music for which was furnished by Arend. The bride wore an elaborate gown of white satin, trimmed with pearls and diamonds. She carried a shower of lilies of the valley. Her sister, Miss Nettie Spier, in a beautiful gown of gold-colored messaline, with slippers to match, and an arm bouquet of anemones, assisted as maid of honor. Isadore Fox, a brother, supported the groom as best man. The home was fragrant with hyacinths and pink carnations, which formed a pleasing effect against the background of ferns and palms. Supper was served in the dining-room, where the bride's table and seven other smaller ones were artistically with pink satin bows and carnations. Mr. and Mrs. Fox will reside in Jersey City, where they will go at the conclusion of an extended trip. Out of town guests present were Mrs. A. Cowan of Jersey City, sister of the groom, Miss Selma Cohn of Memphis, Tenn., and Louis Henoch of San Francisco.

**Mrs. Gates Hostess.**

Mrs. Lee C. Gates of No. 261 Manhattan place entertained yesterday with a buffet luncheon in honor of members of the West Adams Heights Club. Those present were: Mrs. W. E. Sawtelle, Mrs. E. B. Graham, Mrs. G. W. Perkins, Mrs. T. L. Patterson, Mrs. W. A. Morehouse, Mrs. J. C. Cunningham, Mrs. Louise Castle, Mrs. Sidney Lee Grover, Mrs. W. E. Horn, Mrs. W. K. Wheelock, Mrs. G. C. Howland, Mrs. M. P. Snyder, Mrs. J. P. Dupuy and Mrs. E. H. Porter.

**Looking Forward.**

Great interest is manifested by society in the bachelors' ball, to be given Friday evening, at the assembly-rooms. This event bids fair to be one of the most elaborate of the season, as each of the popular members is personally interested in its success.

**Has Returned.**

Mrs. Clara Shortridge Foltz has returned from the North, where she spent the holidays with her mother at Menlo Park.

**From Mexico.**

Charles Seyler, Jr., a prominent member of the Bachelors' Club, has returned from a three weeks' outing in Mexico.

**On the Way.**

Mr. and Mrs. Walter Myers of Oakland, who are en route to Kansas City, where they will spend three months, spent the past two days at the home of Mr. and Mrs. M. V. Huff of Oxford avenue.

**Automobile Jaunt.**

Mr. and Mrs. Harry Gray of Pasadena, and their guests, Miss Margaret Gray, Miss Virginia Johnson, Mr. and Mrs. Harry D. Lombard and Robert Flint of this city have returned from Colorado. The journey was made in motor cars.

**Another Engagement.**

Mr. and Mrs. D. B. Lee announce

Miss Jeanne Foulkes.

announcement of whose engagement to Guy P. Goodwin of Chicago will interest many friends.

the engagement of their daughter, I. Vern Lee, to Harold F. Hartman. The wedding will take place Thursday week at the home of the bride-elect's parents. The young people will make their home in Phoenix, Ariz.

**SANTA ANA.**

SANTA ANA, Jan. 12.—Walnut grove who favor the cooperative association idea are making a special campaign in this county to bring growers into associations. A meeting will be held at Orange tomorrow afternoon, to be addressed by Frank E. Kellogg of Santa Barbara, representing the Executive Committee of the California association, and on Thursday a meeting will be held here. The prospects are that an association will be formed at Orange tomorrow. San Juan Capistrano walnut men have already signed their expectation of forming an association.

Part of last night and nearly all day today a slight drizzle has been coming down, adding a quarter of an inch to the rain of Saturday.

**SOME WINNERS HERE.**

In a recent \$500 prize contest for the best drawings submitted by students in the illustrating and cartooning course of the Correspondence Institute of America, the following-named were among the winners: Miss Bertha E. Hayward, No. 805 Central avenue; A. E. Stone, No. 422 San Pedro street, and George Staff, No. 214 South Eastlake avenue.

**BELIEVE HIM INSANE.**

Surgeons Quitt and Wright yesterday made an examination of Rinsu Kashiwara, a Japanese under charge of assault with intent to kill, and stated that in their estimation the man is insane. On December 5 Kashiwara entered a Japanese restaurant and in a dramatic manner fired upon Roku Takahashi, his rival, wounding him five times. An insanity complaint probably will be filed.

**SMALL VOTE, BIG CHANGE.**

San Diego Will Indulge in the Commission Form of Government.

**SAN DIEGO.**

SAN DIEGO, Jan. 12.—As a result of today's charter amendment election, San Diego will have a commission form of government modeled in part after that of Des Moines and in part after that of Galveston. The municipality will be conducted by a Mayor and five Councilmen, the latter being vested with the powers and duties now given to the boards of public works, fire and police commissioners. Candidates for Mayor and Councilmen will be nominated by direct primary; party names not being placed on the ballot.

**The Vote was Light.**

The vote was light, less than 50 per cent. of the entire registration. One amendment, that providing salaries for members of the school board, is in doubt. The others are known to have carried by substantial majorities, although the count is not yet completed.

**The chief controversy was over the amendment providing for five Councilmen and that providing for nine, the former being carried.****Has Returned.**

Mrs. Clara Shortridge Foltz has returned from the North, where she spent the holidays with her mother at Menlo Park.

**From Mexico.**

Charles Seyler, Jr., a prominent member of the Bachelors' Club, has returned from a three weeks' outing in Mexico.

# Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

**Red Banks, Miss.**—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

**Hampstead, Maryland.**—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

...GATES RESIGNS ...AS PRESIDENT. ...RETIRE FROM POMONA COLLEGE ...UNEXPECTEDLY. ...Gives Ill Health and Distaste of ...Soliciting Endowment Funds as ...Reasons—Trustees Express Regret ...and Appoint Committee to Seek ...Successor.

...The resignation of Dr. George A. ...Gates, president of Pomona College, ...was presented yesterday at a meeting ...of the board of trustees in this city, ...and accepted without dissent. ...The trustees present were George W. ...Marston, of San Diego, N. W. Blanchard ...of Santa Paula, E. E. Hahn of ...Pasadena, Bishop J. H. Johnson, C. C. ...Chapman of Fullerton, A. K. Smiley ...of Redlands, W. L. Porterfield of Long ...Beach, Rev. E. F. Goff of Riverside, ...Rev. A. C. Smith, Dr. Warren F. ...Day and Dr. Henry Kingman. ...In accepting the resignation, to take ...effect at the close of the school year in ...June, as an evidence of the good will ...for President Gates, the board voted to ...extend his salary to October 1, to ...give him an immediate vacation, and ...in addition presented him with a well- ...fitted purse, Messrs. Marston, Hahn, ...Johnson, Chapman and Kingman were ...selected as a committee to seek a suc- ...cessor as head of the college. ...While President Gates gives depend- ...ing ill health as one reason for his re- ...tirement, he accentuates his repu- ...tation to becoming a mere financial ...agent for the college, declaring his ...own inability as a money-getter. The ...history of the institution, however, ...shows that it has made marvelous ad- ...vancements in every direction. ...Before adjournment the board of ...trustees adopted the following reso- ...lutions, setting forth their sentiments ...concerning the retiring president: ...The seven years of Dr. Gates' relation ...with the board, through all the perplexing ...problems of the college, have been a ...harmony, and of mutual respect and ...regard that have continued to a day until ...today. We desire not only to put this re- ...cord, but also to express our appreciation of ...his broad and noble character, his ...bravery to all his work, of his broad ...and of his Christian character. ...We recognize also that under his leadership ...the college has made remarkable growth, ...more than doubling its membership and material ...growth. His expression of our sense of the service ...he has rendered to the college and to ...the broader interests of Christian education, in ...his personal interest upon the young men and ...women of the institution. The moral earnest- ...ness and high idealism of the student body at ...Pomona is as marked as to increase the most ...casual observer. The atmosphere is not only ...unimpaired, but charged with a ...spirit of social service and unselfish living. ...Many influences have contributed to maintain ...this condition. Among these we gratefully ...remember that added buildings and campus, ...will remain as his enduring contribution to ...the life of Pomona College. ...This inspiration of many student lives, ...and that he possessed no fitness for ...raising money, and that if the time ...ever came when he was expected to do ...this, he would ask them to invite another ...man. He then says: "That time ...must have come."

...He reviewed the history of the effort ...to raise \$250,000 for C. B. Sumner, who ...broke down under the nervous strain, ...in consequence of which the work fell ...upon himself. He declares that he is ...on the verge of becoming a nervous ...wreck, and that duty to himself and ...family calls for his immediate retire- ...ment. He then says: ...We have reached today a stage in ...which the chief work required of me, ...not only for the next few months, but ...for an indeterminate time to come, ...must needs be the grasping of this ...financial situation. The raising of the ...\$250,000 will be but the prelude to a ...fresh effort for further needed expan- ...sion, so that even should the present ...campaign be crowned with success, I ...should find myself at the beginning of ...a new and still heavier responsibilities, ...outside the field of my chosen work. ...Under the conditions, I find myself ...compelled to abide by my consistent ...declaration in the matter, and request ...that you relieve me of an impossible ...task, finding for it one who may un- ...dertake it with better chances of suc- ...cess. ...He then reviews the history of the ...college, which comes from his hands ...with a doubled enrollment, a doubled ...endowment, and assets increased from ...\$250,000 to nearly \$750,000, and testifies ...to the harmony and good will existing ...at all times between himself and the ...trustees. ...Bullroop-Pioneer! ...LOOKED LIKE MURDER. ...But Death of Gardener 'Proved to Be ...Result of Fractured Skull ...Due to Fall. ...C. W. Sayre, a gardener, aged about ...25 years, who worked in the West- ...moreland tract, and resided at a ...lodging-house conducted by R. N. ...Watson at No. 609 East Second street, ...was found dead in his bed yesterday ...afternoon as the result of a fracture ...of the skull received in falling on the ...sidewalk last Monday. ...A servant found the corpse, and as it ...appeared that he had been shot in ...the back of the head, it was pre- ...sumed to be a case of murder, but an ...autopsy last night by Dr. Campbell ...showed that there was no wound on ...the body except a slight fracture of ...the skull at the base of the brain, ...which the physician stated might ...have been caused by a fall. ...This was borne out later in the ...evening by the statement of a friend ...named Pat Keys, who asserts that he ...met Sayre at First and Vine streets ...Monday evening, and Sayre said at ...that time that he had fallen that af- ...ternoon and had severely bruised the ...back of his neck. Keys took Sayre to ...the East Second-street lodging- ...house and put him to bed. Death ...followed during the night from the ...shock. ...The autopsy showed that the left ...side of the brain was badly clotted ...with blood and the stomach con- ...tained nothing but wine. ...In the pockets of the dead man ...were two pictorial postal cards from ...Montgomery, Ala., sent last Septem- ...ber and signed by a woman named ...Rosallind. She wrote that one of the ...buildings was "where grandma ...stayed, and asked if the other one ...looked the same, "as when you were ...here."

Yesterday she proved another ...title to distinction as a most inter- ...esting and delightful raconteur, and the ...dull skies without were forgotten as the ...group about the luncheon table paid tribute ...in laughter to this new honorary mem- ...ber. ...Mrs. Harrison was made an hono- ...rary member of the club during her ...visit to Pasadena last winter, but ...was prevented from attending a meet- ...ing on account of the sudden death of ...her mother. Her thanks for the cordial ...attention from the club were de- ...livered yesterday in characteristic ...fashion. ...The luncheon was given in the blue ...dining room of the Young Women's ...Christian Association, and golden blue- ...violet caught in knots of golden blue- ...bon threaded the center of the long ...table. ...BUTTER'S UNCERTAINTY. ...Grocery Clerk Technically Guilty and ...Fined for Selling Under-weight. ...Firm Exonerated. ...The uncertainty of the weight of but- ...ter was the subject of discussion yes- ...terday before Justice Rose of the Po- ...lice Court, when J. H. Plummer, an ...employee of Anderson & Chanson, faced ...trial on a charge of selling stock below ...weight. ...It was quickly proven that the ...weight of butter is a hard thing to ...make uniform and accurate, and that ...the two pounds sold the inspector were ...not examples of the regular-weight ...butter sold by the firm, but exceptions ...to the rule. ...Plummer pleaded guilty to the charge ...because of the sample pound exhibited ...in court and then gave a satisfactory ...explanation of the case. ...In finding Plummer \$20, because of ...technical guilt, Justice Rose stated ...that he is convinced that the firm ...does not ordinarily sell underweight ...butter, but that Plummer, having ...pleaded guilty, would have to pay the ...penalty. Anderson & Chanson were ...among the first of the leading grocers ...to advocate an ordinance requiring ...full-weight sales, but they could not ...guard against an occasional slip slight- ...ly under weight, going out; one of ...these fell into an inspector's hands. ...The next trial sold was probably cor- ...respondingly over-weight.

## PASADENA. BIG CHANGE IN THROOP PLANS.

Central Building to Be Put  
Up Immediately.

Dr. Scherer Will Leave for  
Europe Shortly.

Edison Company's Offer for  
Plant Refused.

Office of The Times, No. 24 E. Raymond Ave.  
PASADENA, Jan. 12.—Revolutionizing  
the plans, the Board of Trustees  
of Throop Polytechnic Institute have  
decided to build first the great central  
building of the plan originally outlined  
for Greater Throop Institute. The  
change will mean immediate construction  
of the key building instead of the  
engineering building, which was at first  
proposed. The change will be for the  
betterment of the school as it will  
solve the problem of administration and  
recitation rooms and will also leave  
room for the engineering shops on the  
ground floor in the rear of the building.

The engineering building had no place  
for administration offices or recitation  
rooms and while working it out ad-  
mirably with the whole scheme would  
have proven unsatisfactory as the  
basis of the new college.  
The new administration building is  
to be constructed of reinforced con-  
crete as a means of support while the  
walls will be of filled-in tile, which al-  
lows for an addition to be constructed.  
The central building will be of semi-  
modern architecture, which is to be  
carried out in the white concrete walls  
and the red tile roof. On the ground  
floor, a great hall, 200 feet by 45 feet,  
will be used for the next two or three  
years for the engineering work. The  
second floor is to be given up to ad-  
ministration and recitation rooms, and  
the third floor will be turned over to  
a great assembly room or auditorium,  
so arranged as to seat either 200 people  
or by the removal of a certain  
rolling section, 1000 people. In this  
room the great lectures planned for the  
school are to be given.  
Elmer Grey, of the firm of Hunt and  
Grey, is already devoting his attention  
to the new building and the construction  
will begin immediately. Myron  
Hunt, supervising architect, leaves New  
York today, and will be here to super-  
intend the construction.

WILL GO ABROAD.  
Early in March, Dr. Scherer will  
leave for Europe on an important mis-  
sion. He is to be sent by the board to  
investigate the conditions prevailing in  
the technical schools of France, Italy,  
Germany and England. He will first  
tour this country to learn the true con-  
ditions prevailing here. His trip will  
have several side objects, among them  
being the search for the best faculty  
to be secured to strengthen the educa-  
tional force of the local institution. It  
is probable he will arrange with some  
of the noted men of the country to  
give lectures here during the coming  
year. He will meet Dr. George E. Hall,  
one of the members of the board of  
trustees, and head of the Carnegie Ob-  
servatory on Mt. Wilson, and together  
they will sail across the Atlantic and  
spend considerable time in studying  
conditions in foreign countries.

One of the important announcements  
made yesterday is that a fund of \$10,000  
has been placed in the hands of the  
trustees of Throop, the interest of  
which is to furnish eight scholarships  
for the young men of Pasadena. The  
public works scheme which is now being  
tried in the school. Briefly it is  
for the students to do practical work  
in such institutions as the municipal  
lighting plant and other public institu-  
tions which they may do outside their  
regular classes. Their work will be credited  
at school and their time being paid  
for out of the scholarship fund.

REFUSE EDISON OFFER.  
Pasadena will go on voting bonds  
for the maintenance and extension of  
the municipal lighting plant, for yester-  
day the City Council rejected the  
offer of \$250,000 made by the Edison  
Electric Company for the plant, and  
began preparations to call a bond  
election for \$100,000 to be devoted to the  
plant. Manager Kolner has been in-  
structed to secure complete details of  
what is needed on the plant and how  
much must be devoted to the exten-  
sion of the property, so that every  
taxpayer may be in a position to re-  
ceive electricity from the city.  
The Council was practically unani-  
mous in its determination not to sell.  
Mayor Earley was not impressed with  
the offer of the company. He said the  
rate offered by the company is not as  
favorable to the consumer as that of  
the city.

It is probable an extra session will  
be held, at which time the ordinance  
calling the election may be read and  
the date set. It will probably be Feb-  
ruary 11.

ELECT CLUB OFFICERS.  
Directors of the Overland Club met  
yesterday afternoon and elected these  
officers for the ensuing year: Dr. F. C.  
E. Mattison, president; E. H. May,  
vice-president; E. E. Webster, secre-  
tary; and E. J. Sheehan, treasurer.

The club has an active membership  
composed of the leading business men  
of the city, and is in a prosperous con-  
dition.

MUTE EVIDENCE.  
A broken keyboard in the lock of the  
front door of Taylor's pharmacy yester-  
day morning gave mute evidence  
that an attempt was made to enter  
that place Monday night.

THOUSAND INVITATIONS.  
William George, founder of the Old Y.  
M.C.A. building yesterday announced  
that a ballot box. The records of  
the boys are filled with the antics  
of secret societies, and the long box  
may have been used during initiations.  
The coffin was tightly sealed but empty.

FIND OLD COFFIN.  
Workmen in remodeling the old Y.  
M.C.A. building yesterday unearthed  
the coffin and a ballot box. The records  
of the boys are filled with the antics  
of secret societies, and the long box  
may have been used during initiations.  
The coffin was tightly sealed but empty.

HOLLYWOOD FLOWER SHOW.  
At Chrysanthemum Tea Committee  
of Women's Clubs Starts Work  
of Next Exhibition.

HOLLYWOOD, Jan. 12.—The Civic  
Committee of the Women's Club gave  
a chrysanthemum tea to the chairman  
and committees for the coming flower  
show, yesterday in a crowded room.  
There were about fifty ladies present  
and the first real work toward getting  
the wheels in motion for the flower  
show of 1922 was started. The exhibit  
this spring will include flowers and  
plants, vegetables, fruits and nuts.  
from all the Union High School dis-  
trict. The juvenile exhibit, in charge  
of Mrs. A. Anderson Davidson, will be  
particularly interesting.

The show will be held in the Cam-  
eron garage, on Prospect avenue, and  
W. O. Howard will be superintendent.  
The chairman of committees named so  
far are: Roses, Mrs. G. B. Hinkley;  
cucumbers, Mrs. Fitzgerald; eggplants,  
sweet peas, Mrs. George Bailey; Miss  
Ethel Bailey; garden flowers, Mrs.  
Anna Gurney; stocks, petunias and  
pansies, Mrs. Cecilia Foman; ceran-  
iums, Mrs. C. A. Bireley; bulbs, Mrs.  
E. D. Sturtevant; rare and novel  
plants, Mrs. Van Fubur; begonias,  
Mrs. E. D. Taylor; fruits and nuts,  
Mrs. M. M. Elkin; vegetables, Mrs.  
Graham Smith and Mrs. Gus  
Harper; bouquets from home gardens,  
Mrs. Smith; Mrs. Harper; potted  
plants, Miss Julia Durill; wild flowers,  
Mrs. Morgan Griffith.

These ladies, however, gave a dancing  
party this evening at her home on  
Prospect avenue.

AMBULANCE IN ACCIDENT.  
While the driver and his assistant  
were engaged in a heated argument, a  
team, attached to an ambulance, the  
property of Robert Garrett and Son of  
Los Angeles ran away and crashed into  
a trolley pole at Warner and Prospect  
avenues.

PRESENTATION TO PRIEST.  
Several hundred people attended the  
reception and musicale given tonight  
in Wilcox Auditorium in commemora-  
tion of the fifth anniversary of the  
Church of the Blessed Sacrament,  
under the pastorate of Rev. D.  
W. J. Murphy. The father was pre-  
sented with a handsome loving cup.  
Maj. George H. Dunlop making the  
presentation address.

Those who acted as directors of the  
Hollywood Club at the annual election  
this afternoon: A. Caldwell, Dr. E.  
O. Palmer, Frank Hance, James Ir-  
vill and T. E. Tolson.

AZUSA LIBRARY.  
AZUSA, Jan. 12.—Mr. Carnegie has  
promised to give \$10,000 to erect a pub-  
lic library here if the city agrees to  
maintain the building at a cost of not  
less than \$100 a year and provide a  
suitable site. The library board has  
appointed a committee to confer with  
the city in regard to the plan, com-  
plying with the conditions. The build-  
ing is to be located in the new park.

The Young Men's Association has ar-  
ranged to have its rooms kept open  
every evening in the week except Sun-  
day. E. B. Grey is now superintend-  
ent.

## IN THE FUTURE. FAR AHEAD SET VOTING DAY.

SAN PEDRO TRUSTEES NAME A  
DATE IN MAY.

Then Will Be Decided Whether San  
Pedro Shall Split in Two so That  
One Part of It Can Immediately  
Join the City of Los Angeles—The  
Reason Why.

SAN PEDRO, Jan. 12.—San Pedro  
will vote on May 17 on the question  
as to whether or not the territory  
north of Fifth street will be excluded  
from the present corporate limits of  
the city. The trustees this afternoon  
adopted an ordinance calling a special  
election for that purpose. Fifth street,  
the dividing line, is almost in the  
heart of the present business section  
of San Pedro, and the territory pro-  
posed to be excluded contains about one-  
third of the present population of the  
city. The election was called in re-  
sponse to a petition filed with the  
Trustees on November 15, 1920, con-  
taining 500 signatures.

The proponents of the proposed se-  
cession claim that the present ac-  
tion is the entering wedge for the  
consolidation of San Pedro with Los  
Angeles, stating that if the election  
carries it is the intention of the  
trustees to annex to San Pedro the  
relocated section to annex to Los An-  
geles through the medium of the  
"hoisting strip." The portion of the  
city proposed to be seceded con-  
tains approximately 5000 feet of water  
frontage on the west basin of the  
San Pedro harbor.

For the election, two precincts have  
been established in San Pedro and  
two at East San Pedro and Terminal  
area, although the question of the  
location of the latter territory is now at  
issue between San Pedro and Long Beach  
cities. The territory north of Fifth  
street, the election contains a very  
large percentage of the voting  
strength of the city. It is certain that  
the election will be one of the most  
contested in the history of the city.

REASON FOR DELAY.  
The Trustees gave as a reason for  
setting the date for the election so  
far in the future, that they desired to  
avoid the outcome of proposed legisla-  
tion at Sacramento, permitting a  
classified city to consolidate with a  
bank that territory. The cashiers  
in the opinion of the Trustees it would  
be better for San Pedro to join with  
the bank than to secede rather than  
to divide the city and annex it in  
sections. Should legislation be favor-  
able, it is believed the present move-  
ment will be set aside and steps taken  
to call another election to permit the  
entire city to vote upon a proposition  
to consolidate with Long Beach.

AS SITE FOR STATION.  
The Trustees this afternoon in-  
structed City Attorney Stiglitz to draw  
up a contract offering the area of tide  
and submerged lands in the outer har-  
bor for the purposes desired. It is be-  
lieved that the offer of the land will  
aid in securing the site for the pro-  
posed torpedo station for San Pedro.  
Subscriptions amounting to over  
\$200 for the relief of the Italian earth-  
quake sufferers have so far been re-  
ceived by the First National Bank of  
this city.

GLENDORA.  
GLENDORA, Jan. 12.—The stock-  
holders of the First National Bank of  
Glendora held their annual meeting at  
the bank this afternoon. The cashiers  
reported a very successful year. These  
were elected directors: C. S. Whitcomb,  
C. A. Weaver, C. H. Converse, J. W.  
Malbride, F. N. Hayes, W. L. Wiley,  
L. C. Turner, B. F. Taylor, H. C.  
Wentworth.

The Odd Fellows have installed these  
officers: James M. Baker, N. G.; O. D.  
Fay, V. G.; F. C. Neel, Recording Sec-  
retary; Glenn Odell, Financial Sec-  
retary; E. E. Odell, Treasurer.

The Building Committee for the Meth-  
odist Episcopal Church parsonage to-  
day awarded the contract to H. C.  
Baker. The parsonage will be built  
on lots adjoining the church, and will  
cost approximately \$3000.

Charles Silent is installing a private  
electric power and lighting system on  
his foothill ranch.

Calving on last evening amounted  
to 1.19 for the storm and 7.35 for the  
season. Showers fell today.

CLAREMONT.  
CLAREMONT, Jan. 12.—About 200  
persons listened last evening to the  
annual concert of the Claremont High  
School. A main feature of the  
recital was the rendition of Gold-  
smith's "Concerto" in violin, piano,  
and violin; this being the first time  
the difficult composition has been  
heard on the Coast. The other main  
numbers were the violin "Concerto"  
by Saint-Saens, and a much  
enjoyed piano solo by Miss Mabel  
West. Beethoven's Sonata, Opus 9,  
No. 3, was also given. The concert  
was given to short compositions by Paganini,  
Toscanini, Arensky, and Nemerov-  
sky.

Preliminary try-outs for the prepar-

atory school debating team were held  
yesterday evening, the subject being  
that to be discussed with the Pomona  
High School on January 23. "Resolved,  
that present economic conditions jus-  
tify the abolition of the protective  
tariff." Paul Fleming, Alfred Wood-  
ford, Emir Allen, and Charles Perrin  
supported the affirmative, and Winfield  
Metzger, William Hill, Payson Marsh  
and Russell Hendrich the negative.  
Fleming, Hendrich, Hill, Marsh, Per-  
rin and Woodford were selected for a  
final try-out, which will be held next  
Monday evening. Prof. M. G. Framp-  
ton acted as judge, and Prof. C. C.  
Stearns presided.

LECTURE RECITAL.  
Music and Art Section of Pomona Elbell  
Club Will Have Interesting  
Subject This Afternoon.

POMONA, Jan. 12.—The music and  
art section of the Elbell Club of Po-  
mona will give a recital this afternoon.  
Alexander H. Whitman on North Main  
street, tomorrow afternoon at 2:30  
o'clock. A lecture recital upon Chandi-  
nada will be given by Miss Elizabeth  
Lee, assisted by Miss Cline. Miss Jones  
will speak upon current events, and  
Mrs. Wittern, Jr. will read a paper  
upon marine painting.

Rev. Philadella P. Carroll, formerly  
pastor of Trinity Methodist Church, here,  
called upon Pomona friends to-  
day on route to Imperial where he has  
property interests. Mr. Carroll is now  
pastor of the Methodist Church at  
Santa Barbara.

RAIN RECORD.  
Rain commenced falling during the  
night, and up to 7 o'clock this morning  
1.5 of an inch had been recorded. The  
total for the season was 5.51 inches.  
It has been showering during the day.

The newly-installed officers of Po-  
mona Hive Lodge, No. 10, are: Mrs.  
Isabel Sheehan, Commander; Mrs.  
Blanche Eginton, Lieutenant-Com-  
mander; Mrs. Alice Moore, Past Com-  
mander; Mrs. J. B. Moore, Record  
Keeper; Miss Mattie Jear, Auditor;  
Mrs. M. R. Wald, Chaplain; Mrs. Flo-  
rence Wiley, Sergeant; Miss Belle  
Hawk, Mistress of Arms; Mrs. Ellen  
Houghton, Sentinel; Mrs. Stella  
Thompson, Poet.

Mr. and Mrs. William Saxton and  
son, Winnie, Mantoloba, are visit-  
ing Mr. and Mrs. Truett Clark. Mr.  
Saxton is superintendent of construc-  
tion for the Grand Truck Pacific Rail-  
way.

CAUGHT IN ORCHARD.  
Three boys from Pomona College, who  
were caught yesterday by W. H.  
Schureman after a lively chase, in his  
orange orchard south of the Santa Fe  
track, and west of San Antonio ave-  
nue, where they had been stealing  
tangerines. Mr. Schureman sent to  
Pomona for a conveyance and after the  
boys were taken before Judges Barnes and  
pleading guilty, were fined \$20 each.  
Not having all of the money they have  
been given until Wednesday night to  
pay the balance. Mr. Schureman has  
made examples of them in order to  
warn others of the fate that will be-  
fall them if they trespass.

The South Child Study Circle will  
meet tomorrow afternoon at 3 o'clock  
at the Tenth-street kindergarten. A  
progressive conversational programme  
will be given.

Mrs. J. Johnson Wilson has been  
elected matron of the Pomona Valley  
Hospital to succeed Miss Clara Ar-  
buthnot, who recently resigned. Mrs.  
Wilson is a graduate of the California  
Hospital.

EDITORIAL.  
John Wason, the veteran editor of  
the Pomona Weekly Times, and once  
president of the board of trustees of  
the State Normal School of Los An-  
geles, is critically ill at his home on  
West Holt avenue.

At the meeting of the Board of Trade  
last evening, the anti-race-track bill  
was strongly endorsed, as were also  
the Senate and Assembly bills exempt-  
ing non-profit corporations from the  
operation of the Cartwright law. The  
secretary of the board was authorized  
to notify the Senator and Assembly-  
man from this district.

SUDDENLY STRICKEN.  
Glendora Man Suffers from Apoplexy.  
Contract Let for Grading Elec-  
tric Lines.

GLENDORA, Jan. 12.—While leaving  
the Christian Church on Glendora ave-  
nue yesterday, A. K. Crawford was  
stricken with apoplexy and conveyed  
to his home on Cedar street, where his  
life is despaired of. A blood vessel  
burst at the base of the brain. He is  
a large property holder here.

A gasoline stove exploded in the  
home of Cecil R. Shaver, 8 East  
Fifth street, Sunday night. The flames  
were extinguished with chemicals;  
damage \$400.

The poles for the new railway are  
placed along the right of way ready  
for immediate setting. The contract  
for grading was let yesterday and  
the work is to be finished in ten days.  
In the following ten days construc-  
tion is to be completed.

First street, following the new law  
providing for uniform street plant-  
ing, has chosen the black acacia. Louise  
Street has petitioned the Council for  
permission to plant Jacaranda.  
Other streets have but a few days  
left in which to select their tree, else  
the Street Superintendent and For-  
easter must choose for them.

Permits were granted during De-  
cember for the building of nine resi-  
dences.

## WOMAN GIVEN UNIQUE CHANCE.

HAS ONE DAY IN WHICH SHE MAY  
RESTORE VALUABLES.

She Picks up Diamonds on Street  
Car, Owner Persuades Officers not  
to Arrest Her for Twenty-four  
Hours in Which Time She May Give  
up Jewels.

LONG BEACH, Jan. 12.—In delaying  
to serve a warrant in her possession,  
the police are trying an experiment in  
criminology, with the consent of the  
victim, and say that twenty-four  
hours will be given their quarry to  
demonstrate that honesty is still a  
dominant virtue.

C. Carillon and wife, eastern tour-  
ists, came down from Los Angeles this  
morning to spend two weeks in Long  
Beach. After alighting from the car  
Mrs. Carillon remembered that she  
had left her purse lying on the seat.  
Besides some money it contained all  
her jewelry and diamonds valued at  
over \$500. Her husband returned to  
the car but the purse was gone. Leon  
Hurbert, deputy organizer for the  
Commonwealth of America, and W. C.  
Perry, of the Butler apartments, who  
were passengers, saw a woman pass-  
ing through the car pick up something  
from a seat, and then, increasing her  
pace, jump off the car without catch-  
ing hold of the hand rail. She hurried  
up Pine avenue. Hurbert was able  
to give a good description of the wom-  
an, Emir Allen, and Charles Perrin  
supported the affirmative, and Winfield  
Metzger, William Hill, Payson Marsh  
and Russell Hendrich the negative.  
Fleming, Hendrich, Hill, Marsh, Per-  
rin and Woodford were selected for a  
final try-out, which will be held next  
Monday evening. Prof. M. G. Framp-  
ton acted as judge, and Prof. C. C.  
Stearns presided.

TEACHERS APPOINTED.  
The board of education today made  
the following appointments of sub-  
stitute teachers: Miss Litta Hibben,  
Anna Laird, Mary Hutton, Georgia  
Rhoades, Abigail Rome, Bright El-  
senberry, and Elizabeth Cullen. All  
are graduates of the Los Angeles State  
Normal or the local high school.

HOBBS HAS HISTORY.  
The police yesterday picked up two  
tramps for begging, one of whom, Tom  
Grege, has quite a history. The son  
of a wealthy New Yorker, he was left  
parentless and stranded in Italy by the  
bankruptcy and death of his father,  
and compelled to live by acting as  
scullion in the section recently visited  
by an earthquake. Afterward he wan-  
dered into India and enlisted in the  
British army. At the outbreak of the  
war he was assigned to scout duty  
with Burnham and for distinguish-  
ed services in and about Lady-  
smith was given the Victoria Cross,  
which was stolen from him in Arizona  
last year. After the war he came  
back to America, and finding no work,  
became a tramp and after the past two  
months says he has been trying to get  
out of Los Angeles county, but no mat-  
ter what part of the boundary he  
reaches he is arrested for vagrancy  
and given a full sentence. He is about  
to resign to his fate and expects to  
spend the winter here. Justice Bray-  
ton assisted in this by sending him up  
for ten days.

DEADLY MENACE.  
A home telephone wire on Esperanza  
street broke this morning and fall-  
ing across a Pacific Electric trolley  
wire, became charged and swung  
across the street a deadly menace to  
travel. A valuable mare belonging to  
J. L. Wallace ran into the wire and  
dropped in its tracks dead. The  
driver, Herman Kellensburg, saw the  
wire and dodged it.

EATING HER WAY.  
The work of installing the machinery  
in the new electric dredger was com-  
pleted today and the boat was towed  
to a position where she will finish the  
dredging basin and begin to eat her way  
toward the ocean entrance by way of  
the mouth of San Gabriel River.

The Board of public works is con-  
sidering the matter of building a new  
flight of stairs on the east side of the  
pier as the storm water rushing down  
Pine avenue to the sea cuts out the  
land under the west pier.

PORTLAND, MAINE, CHILD  
Ill, Weak and Emaciated, Re-  
stored to Health by Vinol.

"Our little daughter, six years of age,  
after a severe attack of the measles,  
which developed into pneumonia, was  
left pitifully ill, weak and emaciated.  
She had no appetite, and her stomach  
was so weak it could not retain  
food. She lay in this condition for  
weeks, and nothing the doctor pre-  
scribed did a bit of good, and we were  
beginning to think she would never  
recover."

"At this time we commenced to give  
her Vinol, and the effect was mar-  
velous. The doctor was amazed at her  
progress, and when we told him we  
were giving her Vinol, he replied, 'It  
is a fine remedy, keep it up.' We did  
so, and she recovered her health and  
strength months before the doctor  
thought she could." J. W. Flag,  
Portland, Me.

Vinol cures conditions like this be-  
cause in a natural manner it increases  
the appetite, tones up the digestive  
organs, makes rich, red blood, and  
strengthens every organ in the body.

VINOL is sold in Los Angeles by

REPEATER.  
SECOND RAIN  
FALLS IN SOUTH.

SAN DIEGO COUNTY REPORTS  
GENERAL PRECIPITATION.

Japanese Warships Will Visit Ports  
of Southern California on Route to  
Panama Canal Where Young Sailors  
Have to Become Familiar With  
Conditions—School Inquiry.

SAN DIEGO, Jan. 12.—For the second  
time within the last forty-eight  
hours a general rain fell in San Diego  
county last night, the total precipita-  
tion being fully one-half an inch by an  
average measurement. The rain ex-  
tended from Oceanside and Escondido  
to the south, and the rain of Saturday night  
locally measured only a few inches.

That Japan is to send two armored  
cruisers and two training ships to Cal-  
ifornia ports is the announcement made  
here today by T. Ishida, representative  
of the Japanese government, who closed a  
contract with the Spreckels  
Company for a coal supply when the  
ships come to San Diego in April.

According to Ishida's statement, the  
cruisers and training ships are to leave  
Japan in March, going first to San Fran-  
cisco, thence to San Pedro and from  
there to San Diego, where two  
weeks will be spent in preparing for a  
cruise to Panama. Ishida says it is  
the plan of the Japanese government  
to send the fleet to Panama in order  
that the young sailors of the training  
ships can become familiar with condi-  
tions at the canal, as it is expected  
that there will be graduates as offi-  
cers by the time the canal is com-  
pleted and ready for use.

Ishida also claims to be a representa-  
tive of a Japanese steamship firm,  
which contemplates sending one of its  
large vessels to the ports of San Pedro  
and San Diego providing he can con-  
tract for sufficient business to and from  
the Orient. Ishida's headquarters are in  
San Francisco.

SCHOOL INVESTIGATION.  
For the purpose of investigating re-  
ports of alleged extravagance in the  
construction of the new High School  
and the Twelfth and E street school  
buildings, the grand jury recently se-  
lected a committee, which is to re-  
port. This committee has employed  
Col. T. J. O'Connell, who was sen-  
tenced to one year in prison today.

Luella Velma Johnson, mulatto wife  
of the negro barber who recently was  
arrested for shooting Charles De-  
lano, today brought suit for divorce from  
Johnson, who starts tomorrow for San  
Francisco.

W. R. Harvey, convicted of obtain-  
ing money by fraud, and caught in Los  
Angeles through Federal aid, was sen-  
tenced to one year in prison today.

## GREAT BANDIT CATCH.

(Continued From First Page.)

Carroll are the men who deserve the credit for the capture.

As soon as the criminals left the restaurant on Main street they were followed. The rooms were discovered that night. Charles Gavin lived at No. 511 West Second street; James Fifer, at No. 1354 San Fernando street, and Carroll at No. 609 East First street.

When the men met Sunday afternoon, in the frame house opposite the Hamburger department store, a detective crawled under the floor of the house and overheard their conversation. They were planning the wrecking of the vault in the Majestic Theater at 4 o'clock Monday morning. The vault is in the box office, and the trio had made careful examination of the premises. Fifer was to blow the safe, while the others stood guard. It was their intention to wait the night watchman and blind and gag him, after knocking him down.

**POLICE SET TRAP.**

Chief Broadhead, who had charge of the case, summoned Oliver Morosco, the lessee of the theater, to the Police Station, and told him of the plan, and Morosco turned over the keys of the building to the police. Several officers were stationed in the theater, hidden behind a partition, with revolvers drawn, to await the arrival of the safe-crackers. A "gay cat" which was watching the police for the gang moved conversationally about the theater for a Sunday evening. He hunted up the three men and warned them that detectives were "on to the job."

About midnight the criminals went to the theater, and looked, but decided to abandon their purpose, and returned to their homes, with the detectives still on their trail. Chief Broadhead decided to watch them a day longer before placing them under arrest. While the men were away from their rooms, Monday afternoon, detectives searched the places, and found considerable loot, which was recognized as stolen property, but it was decided to leave the rooms as they were.

The officers kept so close on their trail that the criminals discovered they were being followed, and preparations were made for leaving the city. It was planned to take the loot they had in their rooms and to leave behind the stuff they had "planted." Fifer was the first man to return to his room. When he walked in, in Graham, Carroll, McNamara and McCann confronted him. He surrendered without any trouble, and his loot was gathered up and taken to the Police Station.

Carroll went to his room about 4 o'clock Monday afternoon, an hour after Fifer's arrest. He was captured by Hosick and Zeigler, and considerable stolen property recovered. Jones and Body, who were following Gavin, notified Chief Broadhead about 5 o'clock Monday night, that he was in the room. The Chief decided to arrest him without further delay, and sent Hosick and Zeigler to assist the other officers. Gavin recognized the detectives when they came upon him, and started for an alley between Fifth and Sixth streets, on Fifth street. He was overtaken, and surrendered.
